

# Lesson - 31

## THE BLIND MEN THAT RECEIVED SIGHT

Bible portion : Matt. 20:20-34

Memory Verse : Matt. 7:7

Objective : Only Jesus can do things that cannot be done by anyone else.

Teaching Aids : Pictures of:

Invalids and physically handicapped in the society; Jesus healing the blind; other teaching aids.

Introduction : Have you ever seen physically handicapped people? What kind of handicapped people have you seen? (Let the children say) In our society there are many people who have no hands, or no legs, or some are blind. You might have seen some of them going from house begging alms. If you see a blind person, would you call him blind? You should never because they are also human being like us. Those who have livelihood or relatives to take care of them would not go begging. We can see beggars at junctions and where people are gathered. Most of them might be sick. There were such people during Jesus time as well. Two blind men who came to know about Jesus requested him that they like to receive sight. How was that we shall learn today's lesson.
